ORDER:

It appears that the impugned order dated 28-01-2006, issued by the 2nd respondent in terminating the contract of the 3rd respondent for managing the School.

A counter affidavit has been filed.

According to the learned counsel on either side, it appears that during the pendency of the writ petition, the contract was allotted to the 3rd party and had already taken over the management of the School. Therefore, the cause of the writ petition has become infructuous.

Accordingly, the Writ Petition is dismissed as infructuous. There shall be no order as to costs.
